School Media Pack

**Welcome to the Primary Business Partnership (PBP)
School Media Pack!**

What is Primary Business Partnership (PBP)?

The PBP is a FREE signposting and matching service delivered by the Centre for Leadership Performance, helping schools and businesses to forge greater links to support career-related learning in the classroom. Our dedicated team will find positive role models from local businesses to volunteer in your school to bring pupil's learning to life, raise aspirations and broaden horizons to help them reach their full potential.

We now have 99 primary schools regularly using this FREE service and accessing information on pre-existing services both locally and nationally through a 'one-stop shop' website. The programme is funded by OneAIM JV and Sellafeld Ltd SiX – Social Impact Multiplied programme.
